PAPER POSSIBILITIES: Day-of Items

And now for the party: unify your entire event with complimentary paper goods. Below are some items to consider, but if you have an idea not outlined below, let us know!

ESCORT CARDS AND/OR PLACE CARDS

For parties with assigned seating, direct guests to their spot. Flat or tented, tags or pins, this is a fun place to get creative.

TABLE MARKERS Mark your tables at your event so guests know where to sit.

PROGRAM Help guests follow along. Share the order of events, the ceremony details, a thank you, or trivia about you and your guests.

FAVOR TAGS Add a personal touch to your party favor to thank guests for their support.

MENUS Share what's on the menu for evening. Tuck into the napkin at each place setting, place at the head of the table. Oh, and don't forget dessert!

EVENT SIGNAGE Add fun or subtle signage to your event so guests spend more time kicking up their heels, and less time wondering why there's a basket full of flip-flops, or if there's garlic in the potatoes on the buffet.

CUSTOM GOODIES The sky's the limit. We'll consider anything you can dream up to put that extra personal touch on your party. From custom coasters with your signature drink recipe to fun "just because" flags. We love to get creative here.

WELCOME BAG ITEMS If you're expecting guests from out of town, welcome them to town with a bag of goodies that happens to be beautifully packaged.

WEEKEND ITINERARY For destination celebrations, we know these come in handy! Include with the invitation, or place in a welcome bag.
